# SURGICAL PATHOLOGY UPDATE:

Diagnostic Pearls for the Practicing Pathologist

**This Activity is Designated for SAM Credits**

**October 29 - 31, 2020**

Omni Scottsdale Resort & Spa at Montelucia • Scottsdale, AZ

17.5 AMA PRA Category 1 Credit(s)<sup>TM</sup>

**ESI** Educational  
Symposia

## ABOUT THE MEETING

This course has been designed to provide a practical and comprehensive overview of a number of topics in surgical pathology, including head and neck, gastrointestinal, hepatobiliary, gynecologic, genitourinary, and soft tissue pathology. This course will include an overview of diagnostic pearls which allow the pathologist to render an accurate diagnosis, as well as how to best avoid some of the most common diagnostic pitfalls. The discussion will also include pertinent diagnostic immunohistochemical and molecular diagnostic techniques which allow the pathologist to refine their diagnosis and provide additional prognostic and therapeutic information. There will be sufficient opportunity for interactive discussion between participants and the faculty.

## TARGET AUDIENCE

This CME activity is primarily designed to educate practicing pathologists as well as pathologists in training.

## SCIENTIFIC SPONSOR

Educational Symposia

## ACCREDITATION

**Physicians:** Educational Symposia is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Educational Symposia designates this live activity for a maximum of 17.5 *AMA PRA Category 1 Credit(s)*<sup>TM</sup>. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

## American Board of Pathology (ABP) Maintenance of Certification (MOC)

This activity provides up to 17.5 SAM eligible CME for the American Board of Pathology MOC Program. Participants must take and pass a post-test in order to earn SAM credit.

## EDUCATIONAL OBJECTIVES

Attendees should, at the completion of this course, be able to:

- Recognize the major diagnostic pitfalls in the diagnosis of Barrett's esophagus and Barrett's-related dysplasia.
- Discuss the more recently recognized variants of ulcerative colitis as well as some of the issues related to diagnosing IBD-related dysplasia.
- Identify some of the major diagnostic issues in the most common colorectal polyps, including serrated polyps.
- Describe the classification of endometrial carcinomas according to the TCGA findings.
- Review the work-up of endocervical neoplasms, both HPV and non-HPV related.
- Accurately classify serous neoplasms and the implications of classification on clinical decision making.
- Recognize key diagnostic features that define common follicular patterned thyroid neoplasms.
- Discuss diagnostic strategies and treatment implications for HPV-associated tumors of the head and neck.
- Recognize and differentiate the most common salivary gland tumors.
- Resolve differential diagnoses for renal neoplasms based on predominant histologic pattern and communicate the clinical significance.
- Implement emerging aspects of prostate pathology, including large gland and intraductal lesions into diagnostic practice.
- Utilize histology and immunohistochemistry to resolve the most common diagnostic issues in testicular tumor pathology.
- Categorize common patterns of liver injury as hepatocellular or biliary in origin.
- Discuss the histologic features of fatty liver disease.
- Describe the clinical parameters that are taken into account when listing a patient for liver transplantation.
- Explain the most commonly used and diagnostically useful immunohistochemical markers in the diagnosis of soft tissue tumors.

*No special educational preparation is required for this CME activity.*

## COURSE ORGANIZATION

This program is planned and organized by Educational Symposia, a leader in continuing medical education since 1975.

## ACKNOWLEDGEMENT

Educational Symposia appreciates our corporate supporters and exhibitors. A list of industry supporters will be provided and acknowledged at the meeting.

## REGISTRATION & CANCELLATION INFORMATION

**Early registration is strongly suggested as capacity may be limited.** We will accept registrations on a first-come basis due to possible restriction on the number of registrants able to attend this course in person. Should you register to attend the meeting in-person and the meeting is not able to proceed as a live event, you will have the option to participate in the virtual meeting, receive a tuition credit, or a full refund.

## WEBCAST REQUIREMENTS

Visit the Help Center at [www.edusymp.com/site/help](http://www.edusymp.com/site/help) to review the computer and internet requirements for viewing live webcast meetings.
