

A CME Teaching Activity

Classic Lectures in Pathology: What You Need to Know

Gastrointestinal Pathology

Release Date: April 15, 2019 | 10.75 AMA PRA Category 1 Credit(s)TM

About This CME Teaching Activity

This CME Activity offers a practical review of gastrointestinal pathology combining basic to advanced techniques, pearls and pitfalls to pathologic diagnosis and case reviews.

Target Audience

This CME activity is intended and designed to educate pathologists.

Scientific Sponsor

Educational Symposia

Accreditation

Physicians: Educational Symposia is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Educational Symposia designates this enduring material for a maximum of 10.75 AMA PRA Category 1 Credit(s)TM. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

All activity participants are required to take a written or online test in order to be awarded credit. (Exam materials, if ordered, will be sent with your order.) All course participants will also have the opportunity to critically evaluate the program as it relates to practice relevance and educational objectives.

AMA PRA Category 1 Credit(s)TM
for this activity may be claimed until April 14, 2022.

This CME activity was planned and produced by Educational Symposia, a leader in continuing medical education since 1975.

This activity was planned and produced in accordance with the ACCME Essential Areas and Elements.

Educational Objectives

At the completion of this CME teaching activity, you should be able to:

- Discern the classic histologic features of celiac disease and the Marsh grading schema.
- Describe the overlap between eosinophilic esophagitis and gastroesophageal reflux.
- Describe the distinguishing histologic features of new variants of ulcerative colitis.
- Apply risk stratification criteria for prognostication of gastrointestinal stromal tumors.
- Differentiate neoplastic and non-neoplastic small intestinal pathology.
- Review the rationale for and updated methods of endoscopic surveillance in inflammatory bowel disease, including the epidemiology of cancer risk.
- Discuss the spectrum of gluten-related disorders and current optimum testing for celiac disease.
- Discuss the updated epidemiology of cancer risk and Barrett's esophagus and the current data on the efficacy of endoscopic surveillance.

No special educational preparation is required for this CME activity.

A CME Teaching Activity

Classic Lectures in Pathology: What You Need to Know

Gastrointestinal Pathology

Faculty

Joel K. Greenson, M.D.

*Director of GI Pathology
Professor of Pathology
University of Michigan Medical Center
Ann Arbor, MI*

John R. Goldblum, M.D.

*Chairman, Department of Anatomic Pathology,
Cleveland Clinic
Professor of Pathology, Cleveland Clinic
Lerner College of Medicine
Cleveland, OH*

Jason L. Hornick, M.D.

*Director of Surgical Pathology
Director, Immunohistochemistry Laboratory
Brigham and Women's Hospital
Associate Professor of Pathology
Harvard Medical School
Boston, MA*

Laura W. Lamps, M.D.

*Professor and Vice Chair for Academic Affairs
Department of Pathology
University of Arkansas for Medical Sciences
Little Rock, AR*

Marie E. Robert, M.D.

*Professor of Pathology and Medicine
Yale University School of Medicine
New Haven, CT*

Program

Session 1

Mesenchymal Tumors of the Gastrointestinal Tract: An Update on GIST and Differential Diagnosis using Immunohistochemistry

Jason L. Hornick, M.D.

How Not to Sprue Up a Small Bowel Biopsy

Joel K. Greenson, M.D.

Session 2

Esophagitis is a Pain in the Neck

Joel K. Greenson, M.D.

Colitis is a Pain in the Butt

Joel K. Greenson, M.D.

Session 3

Controversies in the Diagnosis of Barrett's Esophagus and the Role of the Pathologist in Establishing this Diagnosis

John R. Goldblum, M.D.

The Extremes of Celiac Disease: Normal Villous Architecture and Refractory Sprue

Marie E. Robert, M.D.

Session 4

Infectious Enterocolitides and the Diseases that They Mimic

Laura W. Lamps, M.D.

Barrett Esophagus Update: Treatment Effects on Dysplasia and Do Current Surveillance Protocols Make Sense?

Marie E. Robert, M.D.

Session 5

Beyond Acute Appendicitis: Fascinating Lesions of the Vermiform Appendix

Laura W. Lamps, M.D.

Interactive GI Case Presentations

John R. Goldblum, M.D.

Diagnosis and Management of Dysplasia in Inflammatory Bowel Disease

Marie E. Robert, M.D.

Session 6

Nomenclature of Colorectal Polyps: Controversies and Confusion

John R. Goldblum, M.D.

IBD and IBD-Related Dysplasia

John R. Goldblum, M.D.

Gastrointestinal Pathology
