

# A Comprehensive Review of Body CT

## A One-on-One Tutorial

**Release Date: January 15, 2021** | 13.5 AMA PRA Category 1 Credit(s)<sup>™</sup>

### About This CME Teaching Activity

This CME activity provides a comprehensive review body CT and CTA. Emphasis is placed on the clinical indications, tips, techniques and challenges associated with body CT. In addition, advice on how to optimize techniques, utilize advanced applications and future insights of body CT are highlighted throughout the program.

### Target Audience

This CME activity is designed to educate Radiologists, as well as medical professionals who are interested in body CT/CTA.

### Scientific Sponsor

Educational Symposia

### Accreditation

**Physicians:** Educational Symposia is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Educational Symposia designates this enduring material for a maximum of 13.5 AMA PRA Category 1 Credit(s)<sup>™</sup>. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

**SA-CME:** Credits awarded for this enduring activity are designated “SA-CME” by the American Board of Radiology (ABR) and qualify toward fulfilling requirements for Maintenance of Certification (MOC) Part II: Lifelong Learning and Self-assessment.

All activity participants are required to take a written or online test in order to be awarded credit. (Exam materials, if ordered, will be sent with your order.) All course participants will also have the opportunity to critically evaluate the program as it relates to practice relevance and educational objectives.

AMA PRA Category 1 Credit(s)<sup>™</sup>  
for this activity may be claimed until January 14, 2024 .

This CME activity was planned and produced by Educational Symposia, a leader in continuing medical education since 1975.

This activity was planned and produced in accordance with the ACCME Essential Areas and Elements.

### Educational Objectives

At the completion of this CME teaching activity, you should be able to:

- Discuss the role of CT/CTA in the diagnosis, treatment and management of pancreatic, liver, gastrointestinal, and renal disease.
- Discuss the imaging and clinical features of the most common body disorders.
- Optimize body CT/CTA imaging protocols.
- Identify common errors in body CT and explain how to avoid them.
- Evaluate masses in the kidney, liver, pancreas, adrenal gland.

*No special educational preparation is required for this CME activity.*

## Faculty

### **Elliot K. Fishman, M.D., FACR**

*Elliot K. Fishman, M.D., Professorship of Radiology*

*Professor of Radiology, Surgery, Oncology, and Urology*

*Director of Diagnostic Imaging and Body CT*

*The Russell H. Morgan Department of Radiology and Radiological Science*

*The Johns Hopkins University*

*Baltimore, MD*

## Program

### **Session 1**

Cinematic Rendering - Clinical Applications and Future Directions

CT of the Acute Abdomen: GU Applications

### **Session 2**

CT of the Adrenal Gland: How to Evaluate an Adrenal Mass

CT Evaluation of GI Bleeding

### **Session 3**

CT Evaluation of Liver Masses: Key Differential Diagnosis Findings

MDCT Evaluation of Parenchymal Liver Disease

### **Session 4**

CT Evaluation of Renal Masses: What You Need to Know

CT Evaluation of Small Bowel Obstruction

### **Session 5**

CT of Small Bowel Tumors: Detection & Classification

MDCT Evaluation of the Spleen: Challenges in Diagnosis

### **Session 6**

CT Evaluation of Gastric Pathology: Pearls and Pitfalls

Pitfalls and Errors in Body CT: What Are They and How to Avoid Them

### **Session 7**

Incidentalomas: How We Manage Them

Protocol Optimization in CT: What You Need to Know
